## Applewood Centers Doctoral Internship Program

Dear Internship Applicant:

Thank you for your interest in our Doctoral Internship Program in Clinical Psychology with a focus on children and adolescents.

Applewood Centers is one of northeast Ohio's largest and most experienced providers of behavioral healthcare for children, youth and families. We have four offices in the Greater Cleveland area and a staff of over 300. The internship program is located in our main outpatient campus, The Jones Center, on 3518 W. 25<sup>th</sup> Street. We operate using the practitioner-scientist model within a community mental health agency. Applewood supports and celebrates the cultural and ethnic diversity of our staff and our clients. Therefore, we encourage applicants who are interested in working in such a setting. We also strongly encourage minority applicants who will add to the diversity of our clinical staff.

Three internship appointments are available for the 2022-2023 training year. Appointments are for 2,000 hours within a 12 month period. Internship starts **July 11, 2022**. We offer a salary of **\$28,711.80** with health insurance.
